

ALICE SPRINGS

FREE Professional Learning Opportunity for All Teachers Traditional Indigenous Games Workshop

Yulunga: Traditional Indigenous Games presents a selection of games and activities played in Australian Aboriginal and Torres Strait Islander societies. The resource was developed to provide all Australians with a greater understanding and appreciation of Indigenous culture—the way it was many thousands of years ago and still is today.

Aims of the workshop:

- To provide teachers with a sporting resource which encourages inclusive structured sport within communities
- To engage students in cultural traditions via sport related activities
- To combine curriculum outcomes in SOSE and PE
- To provide an opportunity for teachers to play the games and identify how the program could work in their school/classroom
- All teachers will be provided with a free digital copy of the resource

Workshop

Wednesday 14th April, 3:30 – 5:30pm, Gillen Primary School, Alice Springs
